Supplier Declaration on POP Regulation (EU) 2019/1021

Dear Sir or Madam,

HEINRICH KIPP WERK GmbH & Co. KG is an EU-based manufacturer and supplier of clamping technology, standard elements and operating parts and a worldwide partner to industry, mainly mechanical engineering.

Regulation (EU) 2019/1021 on persistent organic pollutants (POPs) implements the internationally agreed Stockholm Convention in Europe and, with annex I to IV, regulates the topics of elimination, restriction, unintentional release, and waste-related breakdown of the defined substances.

In view of the information available to us, we confirm that the products offered by HEINRICH KIPP WERK GmbH & Co. KG comply with the requirements of (EU) regulation 2019/1021.

We began identifying and reviewing incoming substances and adaptations included within the framework of the Stockholm Convention even before they were incorporated into the European POPs Regulation.

We have made our suppliers aware of their obligations in connection with Regulation (EU) 2019/1021.

Standard for assessment is DIN EN IEC 63000.
